CLIENT & AFTERCARE INFORMATION

VIVO'S EYELASH EXTENSIONS

Long thick eyelashes have always been craved by women all over the world. Like hair extensions, eyelash extensions add length, thickness and fullness to natural eyelashes. Eyelash extensions are a great way to enhance your eyes, making them look so much more expressive.

Vivo's eyelash extensions are natural looking and virtually weightless, making them perfect for continuous everyday wear.

Our long wearing, semi-permanent eyelashes come in various lengths, colors and thicknesses, and can be worn during sleep, showering and swimming.

Each synthetic fibre is pre-curved to mimic that of a natural lash, then applied to individual eyelashes to create a fuller, longer look.

Eyelash extensions may last from two weeks to two months, depending on the cycle of hair growth.

IMPORTANT

It is important to follow the aftercare instructions for your own safety and to ensure and the best results possible.

Your therapist will have talked you through these things already but here they are again just so you know and can refer back to it at any stage.

Please remember that if you ever have any concerns or questions about your eyelash extensions please phone us without hesitation.

EXTENSIONS AFTERCARE

- Do not get the lashes wet for the first 12 hours after your appointment.
- Keep away from steam for the first 48 hours to allow the glue to cure. This includes steam rooms, saunas, facial steamers, ovens etc.
- Use only oil free products around the eyes, use cotton buds to remove any eye makeup.
- Do not use water-proof mascara on your extensions, only water based mascara is recommended if needed.
- Be gentle with your lash extensions; avoid tugging on them as this will pull out your natural lashes.
- Avoid rubbing your eyes and do not use metal eyelash curlers. Only heated eyelash curler wands are recommended.
- Infills are recommended every 2-3 weeks as your natural eyelashes continue to grow and shed in a replenishing cycle.
- Do not perm or tint eyelash extensions.
